Sri Sairam Engineering College, Chennai

Bachelor of Engineering - BE

June 2018 - Present

CSE - Computer Science & Engineering

CGPA - 8.433

Modern Senior Secondary Schools, Chennai

Student

June 2006 - March 2018

12th standard - 89.60%

10th standard - CGPA(8.5/10)

Jyothirgamaya, Chennai

June 2004 - March 2006

Primary Education

SKILLS

Python

C/C++

Javascript

MySQL

ReactJS

NodeJS

Flask

Bootstrap

INTERESTS

Machine Learning

Mathematics

Web & App Development

ACHIEVEMENTS

NUTPAM 2k19

Sri Sairam Institute of Technology

1st Prize - Code Relay

NUTPAM 2k19

Sri Sairam Institute of Technology

1st Prize - Blockchain Quiz

Jerusalem Sympo 2k20

Jerusalem College of Engineering

2nd Prize - Codewars

PROJECTS

PD pattern recognition using Tree-Based Models

I did some research on Partial Discharge in power lines and trained various tree - based models to detect the same and published it in the International Conference

Job Connector

It is a Web Application developed using ReactJS , Firebase and the designs are made with Figma where people can post all kinds of jobs , chat with the person and manage their profile. I did this project for a Hackathon during COVID-19 Period where many people lost their jobs and this helps to find specific types of jobs

Airline Reservation System

It is a Desktop Application developed using TKinter where the user Can create an account, select destination and arrival and select seats and then finally book them and the tickets will be sent to their mail. I've also Implemented all kinds of design and analysis diagrams

Social Media App

I created this application as part of learning Full Stack Development It was developed using ReactJS and NodeJS . It has all the functionalities of a social media application like add/delete post , add/delete comment like/dislike a post, it also has add friend and chat functionality

VOLUNTEER EXPERIENCES

Python Trainer — Sairam Institutions

OCTOBER - 2020

NSS — Sairam Institutions

MAY 2019 - Present

HOBBIES

Badminton, Reading Tech news

CERTIFICATES

AI foundation, NASSCOM (GOLD)

Machine Learning - Stanford University , Coursera

Python for Everybody Specialization - University of Michigan, Coursera

Data Structures and Algorithms using Python , NPTEL

Python Level 1 CCA Certification

LANGUAGES

English

Tamil
